Bridgeport.

A few good days last week for making maple molasses.

Miss Jennie Cunningham and niece, Belle, have located near Graefenburg.

Mr. James Crockett left for his home in Louisville last Tuesday.

Five widow ladies dined at the home of Mrs. Carlin last week, which was quite a remarkable coincidence. No one else at the table when the following conversation was engaged in. The youngest lady said to the four older ones: This will be the last time that we will dine together as five widows, as I will be led to the marriage altar before many months expire. All engaged in a hearty laugh, separated and wished her success through life.

Miss Annie Hall is attending Prof. Turner's school at Frankfort.

Miss Bernice Jenkins, of Louisville, is visiting relatives in this neighborhood.

Mr. C. W. Taylor has been on the sick list for several weeks, but is now convalescent.

Equire J. B. Russell and family have located in Frankfort, where he will be found engaged in harness making.

Mr. Owen Tapp has been very much indisposed for quite a time.

Mr. W. F. Russell and family left for LaGrange Wednesday, where they will reside in the future.

Mrs. Jennie Allen, of Lexington, is visiting the family of William Armstrong, sr.

Messrs. C. M. and J. W. Jenkins were in Louisville this week on business.

A large and enthusiastic meeting of the F. & L. U. of Bridgeport Lodge was held Thursday night with several prominent speakers present. The Alliance will not allow any politician or friend of a politician to lead it about by the nose.

Mr. Walton Parrent has recovered from his recent illness, and left for Hopkinsville, where he is engaged in business.

Miss Leander Morris, of Scott county, is visiting the family of Franklin Morris.

Mrs. Carswell.

Of Leroy, N. Y., was dying of Neuralgia of the Heart. The attending physician had made his last visit and said there was no possible chance of her living but a few hours. Her son had been telegraphed for from Rochester to come and see her die. At this critical moment an agent selling Dr. Hale's Household Ointment called at the house and told them the lady need not die at that time if she would follow his directions. He was so earnest and positive that the family concluded to try the new remedy and began applying it at once to the region about the heart; the pain soon ceased and Mrs. Carswell rapidly recovered and is alive and well today, and she and all her family says Dr. Hale's Household Ointment saved her. This wonderful medicine can be had at Phil. Carpenter's drug store, South Side.

Carved by McKee.

Last Saturday morning Dr. Jno. McKee and Chas. Kennedy, both of this county, became involved in an altercation. High words passed between them and we are informed that Kennedy struck Dr. McKee three times, whereupon Dr. McKee drew a knife and inflicted two wounds upon Mr. Kennedy, one just above the right eye about an inch and a half long, and the other across the left arm between the hand and the elbow, severing all the muscles of the arm. The wounds are not fatal, but are very painful. —Versailles Clarion.

Standard Investment.

S. S. Brandt of Montgomery, Mo., writes, "Please send me a bottle of Quinn's Ointment, I have used it for Chapped Hoof, Windpuffs and Thoroughpin with great success. Would not be without it in my barn."

The Woman Hater.

Roland Reed had a royal welcome last night at the Foxworth Street Theatre, where he appeared last night in D. D. Lloyd's "eccentric comedy" in four acts, called "The Woman Hater." The play is full of ridiculous situations and the audience greeted them with continuous laughter. The story is highly amusing and deals with the love affairs of Sam the Bundy, who is popularly known as a woman hater, but who, as he confesses to his bosom friend, Dobbins, the retired coffee merchant, "dotes upon woman." There is little attempt at characterization. Samuel Bundy is

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 27, 1889.

a caricature, roughly drawn to amuse the multitude, like the cartoons in the comic papers. Mr. Bundy finds himself in the predicament of an engagement to three women at the same time. He is mistaken for an ex-professor whose mental "arrangements" are supposed to be disordered and taken to a lunatic asylum on his wedding day. Roland Reed invested the part of Samuel Bundy with considerable humor. He was extremely amusing. His humor was spontaneous, and it affected the audience to tears of laughter. The support was excellent. —New York World, Feb. 28, 1888.

At the Opera House Saturday evening, Feb. 28th.

Is Life Worth Living.

This is a question that would be answered very differently by different individuals. To some living is a pure enjoyment, to others life is a burden. To a man or woman who never feels well, who arises in the morning unrefreshed, with a tired, languid feeling, life is indeed burdensome. This is the result of a torpid liver, inactive condition of the kidneys, a foul stomach, &c. This condition can all be quickly changed and life made happy by the use of the new remedy—Dr. Hale's Household Tea, the great blood purifier and nerve tonic. It cures all biliousness, constipation, inaction of the liver and kidneys and makes a person feel new. 50 cent packages at Side. Carpenter's drug store, South Side.

The Calf All Right.

Near Marathon, Texas, two men got into a dispute about a calf. One killed the other. The Deputy Sheriff then killed the murderer and was himself shot in the leg. Two horses were also killed in the killing. At last accounts the calf was doing finely.

The Major's Sunday Out.

The Oldham Index says: Major Henry T. Stanton and daughter, Miss Virginia, of Frankfort, Ky., spent Saturday and Sunday with Mrs. C. W. Dorsey, of this place. The boarders at Funk Seminary Hall enjoyed a rare intellectual treat on Saturday evening—the Major favoring them with the reading of "The Hero of the Conemaugh Valley," "Jacob Brown," "Dixie's H. H.," "The Her Bird" and other poems of his composition. Miss Virginia won the hearts of all by her beauty and accomplishments. We hope to have them visit our town again soon, as all who were fortunate enough to meet them were highly entertained with their charming society.

Between The Pikes.

Mr. Robert Young and wife visited the family of W. H. Sudduth last Sunday.

Miss Nora Sudduth visited her aunt Mrs. W. M. Pulliam last Saturday and Sunday.

Mr. George Moore is preparing to erect his son, Enlow, a neat cottage on his premises.

NETTIE GRAY.

Dr. Bull's Cough Syrup—the working man's friend. You, who have to be out in all sorts of weather and can't afford to lay by, can't afford to be without Dr. Bull's Cough Syrup. Consumption follows in the wake of a neglected cold.

He loved his horse, even as an Arab would, and grieved to see him suffer and die, even as if he was human, so he listened when one told of Salvation Oil, and to-day his horse is well and he is happy.

WE CAN AND DO

Guarantee Dr. Acker's Blood Elixir, for it has been fully demonstrated to the people of this country that it is superior to all other preparations for blood diseases. It is a positive cure for syphilis, poisoning, Ulcers, Eruptions and Pimples. It purifies the whole system and thoroughly builds up the constitution.

J. W. GAYLE, Druggist.

Defoe.

Health good in this locality.

Mrs. Fannie Moore and daughter of this place, visited her father-in-law near Jacksonville last week on the 6th and 7th of this month.

Messrs. J. L. Stivers and J. F. Claxon have been in Louisville this week laying in a general supply of merchandise. They are doing a good business at this place.

Dr. J. F. Jesse delivered an excellent speech at Fallen Rock, in behalf of the F. & L. U. on last Tuesday night. He was listened to by all.

The matrimonial car has stopped at this place. I thought at one time it would have a successful visit. I can't tell what is the matter unless it is on account of fuel.

What has become of the Six Mile Girl? I would like to hear from her, I guess the owl has quit carrying news.

Mr. Jeff. Riner, of Pleasureville, seems to be dealing in tobacco, at least his conversation runs that way. He and another agent met one Sunday at a certain place. Riner is a very pious man. He told this other agent that he thought that a man could electioneer enough through the week and leave Sundays off. But it seems that Mr. Riner likes to electioneer a little on Sunday too. At least he is seen to be going in that direction nearly every Sunday.

J. L. Stivers and family, of this place, are visiting the family of John T. Deakins, near Bagdad.

On Monday night last some one broke into the house of an old colored man at this place and took eight pieces of meat and six or seven gallons of lard, sugar, coffee and all the flour he had.

The F. & L. U. County Union that met at this place the 9th was quite a success; thirteen out of sixteen sub-unions were represented. A nice dinner was spread for all and we had a good time.

JUMBO.

Marvelous Endurance.

The vast amount of labor performed by the horse in keeping all portions of the body supplied with blood is not generally known. It beats 100,000 times, and forces the blood at the rate of 68 miles a day, which is 3,000,000,000 times and 5,150,000 miles in a life time. No wonder there are so many Heart Failures. The first symptoms are shortness of breath when exercising, pain in the side or stomach, fluttering, choking in throat, oppression, then follow weak, hungry or smothering spells, swollen ankles, etc. Dr. Franklin Miles' NEW CURE is the only reliable remedy. Sold by J. W. Gayle, Frankfort, Ky.

CAN'T SLEEP NIGHTS

Is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Dr. Acker's English Remedy? It is the best preparation known for all Lung Troubles. Sold at a positive guarantee at 25c. and 50c.

J. W. GAYLE, Druggist.

All a Mistake.

For the benefit of the Frankfort papers and local readers, we desire to state that the report that fishing for mud-catfish was good in the deep pools on Broadway, Main and Short streets, during the recent rains, is nothing but an idle rumor. The fact which has been publicly stating that the Fish Commissioner would stock these ponds with German carp should be drummed out of town. —Leighton Transcrip.

Shot at the Train.

As the 2:50 train from Lexington was passing the engine house in Bellepoint Wednesday afternoon, Charles Hunt and Wm. Kincaid, aged thirteen and nine years respectively, who had a .32-caliber pistol, concluded to try a shot at the cars as they went by. One of them fired away, the ball striking a rear window of the middle coach, passing through glass and

blind, striking the ceiling of the car and fell to the floor. Fortunately the range was too high to strike any one in the car. The boys were seen to fire the shot by a brakeman, the conductor telegraphed back from Bagdad to have the boys arrested, and flagman James Brown went over to Bellepoint, caught the little rascals and lodged them in jail. They were tried yesterday before County Judge Williams, when Hunt was discharged and Kincaid held in one hundred dollars bond to appear at the June term of the Circuit Court.

At the horse sale of Mr. W. T. Woodard, in Lexington, on Thursday, Anteeb by Electioneer, dam Columbine, was sold to Col. S. A. Brown, of Kalamazoo, Michigan, for \$55,000. Anteeb is the sire of three in the 2:30 list, with many more that are fast. The price paid was four thousand more than the Great Bell Boy brought several years ago.

On Time.

Mr. H. F. Hillenmeyer, the Lexington nurseryman, is on time with his usual spring announcement, which will be found in another column. During the last ten or twelve years he has been supplying the people of this city and county with fruit trees, vines, and everything in his line, and in all these years not one of those who bought from him can say that he did not get exactly what he ordered. There is no uncertainty about a trade with Hector Hillenmeyer, he is a square man every way, and if you are needing anything in his line write to him.

At Mr. Robt. Church's, on the Owenton Pike, about four miles from town, was found by his hands, while hauling straw last Thursday afternoon, some meat buried in the straw, tied up in an old shawl. There were seven pieces, three hams, one shoulder, one muddling and two half muddlings. Two of the hams had been rubbed in cheyenne pepper and were fine ones. All large meat

Any one who has lost meat suiting this description can obtain it by calling at Mr. Church's.

Death of Miss Hiter.

Miss Florence Hiter, youngest daughter of Mr. D. Porter Hiter, of Woodford county, her mother being Miss Sallie Harlan, of this city, died at the home of her brother-in-law in Kansas City, Missouri, on Tuesday, and the remains were brought to this city and interred in the family lot in the Cemetery. Miss Hiter was a beautiful young lady and had many friends in this city, where she had often visited. She had been a sufferer for the past year or more from consumption, which finally closed her bright young life.

High Sheriff Dehoney.

As a suit to which Sheriff John C. Noel is a party was before the Circuit Court on Wednesday and Thursday, the duties of the office of High Sheriff of the county devolved upon

Coroner W. S. Dehoney during the pendency of the case, and it is unnecessary to say that they were performed with the utmost dispatch and in Col. William S.'s only and original style. In setting the case for trial a few days before the Judge said, "The coroner will not bring his jury here before Tuesday," when a sleepy looking individual sitting in the Court House roused up and said to some one near, "The h—l; whose dead?"

FIRST BLOOD FOR FRANKFORT.

Louisville and Lexington Sent to Grass in the First Round.

The Constitutional Convention, on yesterday, by a large majority, defeated the section of the legislative report which provides that the Legislature, as soon as the Capital is located, shall appropriate a sum not exceeding \$2,500,000 for the erection of Capital buildings. This decision virtually settles the Capital question in favor of Frankfort, leaving the amount of any appropriation to be made in the discretion of the legislative body desiring to make it.

Had this section been adopted Louisville and Lexington would have struggled for the possession of the Capital with extravagant buildings, but now it is evidently the desire of the Convention that Capital buildings shall be provided at the lowest figures, consistent with economy, and this can be done only at Frankfort. The friends of Frankfort on the floor of the Convention urged the many advantages that Frankfort possessed over Louisville and Lexington as the location for the Capital, and our neighbors of the blue grass and bear-grass are not happy.

The senior proprietor of this paper has been subject to frequent colds for some years, which were sure to lay him up, if not doctored at once. He finds that Chamberlain's Cough Remedy is reliable. It opens the secretions, relieves the lungs, and restores the system to a healthy condition. If freely used, as soon as the cold has been contracted, and before it has become settled in the system, it greatly lessens the attack and often cures in a single day what would otherwise have been a severe cold.—Northwestern Hotel Reporter, Des Moines, Iowa. 50 cent bottles for sale by J. W. Gayle. 22-1m

May 13th.

The Democratic State Central Committee, at a meeting held in Louisville Thursday, fixed May 13th as the date for the assembling of a State Convention to nominate candidates for State officers. The convention will assemble in Louisville, and the county meetings to appoint delegates will be held on the 2d of May.

Grand Secretary.

At the meeting of the Grand Council of Kentucky, Royal Templars of Temperance, held in Louisville, Tuesday and Wednesday, Mr. Jas. A. Hodges, formerly of this city, was elected Grand Secretary of the order in the State.

Disorders which Affect the Kidneys.

Are among the most formidable known. Diabetes, Bright's disease, gravel, and other complaints of the urinary organs are not ordinarily cured in severe cases, but they may be averted by timely medication. A useful stimulant of the urinary glands has ever been found in Hostetter's Stomach Bitters, a medicine which not only affords the requisite stimulus when they become inactive, but increases their vigor and secretory power. By increasing the activity of the kidneys and bladder, this medicine has the additional effect of expelling from the blood impurities which it is the peculiar office of these organs to eliminate and send off. The Bitters is also a purifier and strengthen of the bowels, an invigorant of the stomach, and a matchless remedy for biliousness and fever and ague. It counteracts a tendency to premature decay, and sustains and comforts the aged and infirm.

IN MEMORIAM.
Mr. Wm. S. Bransford, brakeman on Kentucky Midland R. R., an exemplary young man, was killed near Georgetown February 28, 1901. A week after a letter was received from the young lady to whom he was engaged. She was still in ignorance of his death, as she was traveling from point to point, and with difficulty could be reached by mail. He had hoped to get a leave of absence and join her, but death intervened.

Your letter received
Now finds him so still.
I fear quite asleep
At Virginia Cemetery Hill.
The skies up above
Are bending and blue,
And smiling with love
So tender and true.
The grass with its arms
Is reaching around
To shield from all harm
His slender profound.
The flowers now set
Are lifting their heads
As though they would whisper
The sweets to the dead.
The birds rain their songs
Down into his ear
With the old tender accents
He so loved to hear.
The day is so bright
His breath is a sigh,
While the night drops a tear
His heart is now still.
And his form now cold,
But his own sweet self
Is the same as of old.
So to commune at his grave,
So royal and brave,
He still has his smile,
So tender and true,
And seems to be saying:
What news we've from you?
He hopes that your stay
May have pleasures untold.
With the ring of the silver
And glitter of gold.
He longed to take
A rest of a day,
To try to go away,
If only to say:
Has every fond thought
Each day of his life
Was ever for his wife?
He wished for his wife,
But the Master above,
Who doeth all best,
Has ordered him early
To enter his rest.
And abide with the sleepers,
Who are sleeping so still.
In the quiet retreat
At Virginia Cemetery Hill.
When autumn returns
And gray are the skies,
He knows you will try
To see where he lies.
Meanwhile may the peace
Of the Father above
Your heart with the comfort
His own heart has now.

A gentleman in Union County, Mo., who is too modest a man to have his name mentioned in the newspapers, was cured of rheumatism by Chamberlain's Pain Balm after trying other medicines and treatments for thirteen years. 50 cent bottles for sale by J. W. Gayle. 22-1m

THE GENTLER SEX.
Mrs. Clymer, Sorosis club's old time president and best looking member as well, is a slender and graceful blonde, with a sweet voice and blue eyes.
The wife of Judge H. B. Brown, recently appointed from Michigan to a seat on the bench of the supreme court, is said to be a most beautiful woman of many accomplishments.
Miss Mini Flanagan, one of the most prominent of the younger belles of St. Louis, is a girl of rather slight figure, graceful, with finely cut features, light brown hair and blue eyes.

Mrs. Septima M. Collis, wife of Gen. Collis, was one of the four beautiful women of Philadelphia who were selected by Gen. Meade at the Grand Duke Alexis' ball some twenty years ago to banquet with the royal guest and his suite.

Miss Sarah Omer-Jewett, the magazine writer, is the daughter of a country doctor. She was born and brought up on the sea coast of Massachusetts. She is not exactly a pretty woman, but her manner is most attractive, and Boston worships her.

The first titled Englishwoman to become a landlady is Lady Wimborne, who has established a successful landlady on her husband's estate in Dorsetshire. The enterprise has been so well conducted that it yields the owner a profitable income.

One of the bright particular stars of beauty in Vienna is Countess Tausche, daughter, the Countess Countesshove. She is a small woman, whose hair is blonde with her eyes are dark. Her husband is one of the handsomest men in the Austrian capital.

New York Sub Postoffice.
Ask almost any retail druggist what commodity he has the greatest demand for, and the chances are he will say, "Postage stamps." Women have no patience with a drug shop that does not keep postage stamps on sale. This fact is pretty widely appreciated by retail druggists, and many drug shops in this city enjoy the not very lucrative distinction of being sub postoffices stamps. The busiest drug shop postoffice is in Forty-second street, opposite the Grand Central station. It was established about a year ago, chiefly through the instrumentality of ex-Postmaster General Thomas L. James. The Lincoln bank, of which Gen. James is president, is only a few rods away, and the close proximity of the railroad station and three or four large hotels makes this a particularly lively district.

For furnishing room, rent and serving as deputy postmaster, Mr. F. W. Schoonmaker is allowed by the postoffice department the sum of \$400 per annum. Postmaster Van Cott has recommended that this allowance be increased. An official statement of the business done at this sub-station (14) in the year ended Jan. 1, shows that \$1,892 worth of postage stamps were sold, \$17,207 of money orders were issued, and 158,387 pieces of third and fourth class mailing matter were received. During the holiday season the place was almost snowed under by packages brought there to be mailed. Two days before Christmas the drug business had to be practically abandoned, and all hands in the shop turned in to work for Uncle Sam. —New York Times.

The New Dances.
Dancers are most interested in the programme laid out by the recent national convention of dance teachers. First on the list is the Assembly Gavotte. It is danced to gallop music, and is intended to open a "small and early" in the form of the promenade or grand march. Any number may participate, and the figures include rapidly changing circles, spirals, horseshoes, squares and polygons. Among the round dances approved by the masters are the Oxford, a sort of schottische; L'Eclair, done to gallop time; the Portland, combining polka and waltz steps; the Mettlesome and the Vienna. Of all the novel dances that await public approval the Bizarre and Fascination, both waltzes, are most likely to be indorsed. The latter is intricate and graceful, while the Bizarre is spirited. Only two square dances were accepted by the convention—the Elite Lancers and the Melange Quadrille. —Detroit Free Press.

A Rich Chinaman.
A lady writes from California: "The other day I saw a Chinaman go into a San Francisco savings bank and present his bank book at the cashier's desk. His money was brought to him in a wooden tray or drawer, as is the custom in this specie paying state, and poured in a shining yellow stream of double eagles into his canvas bag.
He lifted it with difficulty to his shoulder, and carried away \$1,000 with as unconcerned an air as one who is a mere mortal. I had the curiosity to ask his vocation, and learned that he is a pawnbroker! In time our consuls from far Cathay may become the Rothschilds of America." —Boston Transcript.

A Peculiar Light.
It appears that the pholas are equally luminous whether dead or alive, wet or dry. One scientist who was testing different substances in view of obtaining light without heat, put one of the shells in a jar of milk and used it to read by. In clear distilled water the light shone with undiminished brightness for years. Placed in honey the color of the light is turned to a light green; even then, however, the shell continues to give a good light for years. —St. Louis Republic.

Mrs. E. H. Stevens has been librarian of the agricultural department at Washington since 1871.
Mrs. Rider Haggard, like Mrs. Stanley, complains that American women keep their houses too warm.

A GOOD RECORD.—"I have sold Chamberlain's Cough Remedy for ten years," says druggist E. B. Legg, of Vail, Ia., "and have always warranted it and never had a bottle returned. During the past 90 days I have sold twelve dozen and it has given perfect satisfaction in every instance." It does not dry up a cough, but loosens and relieves it. It will cure a severe cold in less time than any other treatment. 50 cent and \$1 bottles for sale by J. W. Gayle. 22-1m

A DUTY TO YOURSELF.
It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken, and do not gripe.

Merit Wins.
We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Buckner's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. For sale by

L. F. GANTER'S MAGIC REMOVER!
NO CURE, NO PAY.

NO CURE, NO PAY.
The Magic Remover fills a long felt want with owners of Horses or Mules with Warts, Knots, Bruises, Cuts, Strains, Sprains, Old Sores, Barb Wire Cuts, etc. It makes no difference how long the knot has been there, or how hard it is, (if it is not of the bone), we will take it off on the "NO CURE, NO PAY" plan. In removing the knot the hair comes off, and the place becomes very sore; when you stop using it, the hair comes back its original color, and not a trace of the knot is left. For plan of insurance, etc., call at the undersigned druggist's, and bring your animal with you.

FRANKFORT ROUNDABOUT

FRANKFORT, FEBRUARY 21, 1891.

Will Celebrate.

The children of the Public School will celebrate Washington's birthday on Monday by taking holiday.

From Dallas.

Col. D. C. Crutcher has placed us under obligations for several copies of New York papers, sent during his stay in that city.

New Sign.

Mr. Jas. M. Wakefield has placed a new and elegant sign at the office of his mill, which was executed by Messrs. Bridgeford Bros.

Moved Over.

Mr. Chas. E. Hoff has removed to his handsome new residence on the corner of Todd and Shelby streets, and has settled down to house-keeping on the South Side.

Delegates Entertained.

Judge William Lindsay and wife gave an elegant reception to the members of the Constitutional Convention, at their home on Wapping street, last evening. The supper was furnished by Messrs. Todd Bros.

Very Near It.

The streets of Frankfort have been in a wretched condition this week—almost as bad as those of Lexington; not quite, but very near it. They certainly should be cleaned oftener; not only in the business portion of the city but all over town.

Gen. Sherman Dead.

Gen. Wm. T. Sherman, the last of the three greatest generals of the Union Army during the late war, died at his home in New York on Saturday. The funeral took place in New York on Thursday and the remains were taken to St. Louis for interment by the side of his wife.

ENTITLED TO THE BEST.

All are entitled to the best their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when costive or bilious. For sale in 50c and \$1.00 bottles by all leading druggists. 22-m.

Changed Hands Again.

Mr. J. A. Guinn has sold the Famous Laundry to Messrs. Sam. Whitehead and Llewellyn Peyton, two energetic young men, who will after the first of March conduct that establishment.

Squandered His Wealth.

The only Col. D. C. Crutcher, who was in New York last week, invested all his money in valentines to send to his friends in this city, and did not have enough left to purchase a postage stamp for a letter written to his wife, consequently the post-office officials had to notify her to send on a stamp so that the letter could be forwarded.

For the Monument Fund.

The ladies of the Confederate Memorial Association will give a grand fancy dress hop at the Capital Hall room on the evening of Wednesday, April 1st, the proceeds to be devoted to the fund being raised for the purpose of erecting a monument to the memory of the Confederate soldiers buried in the Cemetery at this place.

Assistant Superintendent.

At a called meeting of the Board of School Trustees held on Tuesday evening, Miss Julia R. Todd was elected Assistant Superintendent of the Public School, and she will hereafter have charge of the school during the absence or sickness of Prof. Browder. The appointment is a first-class one, as Miss Julia is well qualified for the position.

A Rising Young Man.

In the Argus, published at Eddy, New Mexico, we find the following: The Argus is greatly indebted to Councilman Richardson for copies of many important bills introduced in both houses of the Legislature. Lin-

coln, Chaves and Eddy counties have reason to be proud of their young representative in the Territorial Council. Without any previous experience in legislation he has, by his ability and a close study of the wants, not only of his district, but the entire Territory, rapidly gone to the front and is now justly considered one of the ablest men in the Legislature. Although a Democrat in politics, no man of that party, in either body, commands more respect or exercises greater influence with the Republicans than he, and his vote and his efforts have always been cast for and in behalf of the people. The Argus congratulates Mr. Richardson and trusts that his future will redeem the rich political promise of the present.

The gentleman referred to was a student of Eminence College, and has many friends in this section, who will be glad to know that he is making his mark in New Mexico, to which Territory he removed in the fall of 1888. Councilman Richardson spent several days in this city just before Christmas visiting friends.

Married at McClure's.

Mr. Stroder Parrish and Miss Martha Perry, a couple from the Peak's Mill neighborhood, were united in marriage at the book and shoe store of Mr. R. K. McClure, Tuesday morning. Rev. E. A. W. Roberts officiating. The young lady arrived in advance of the groom and took a seat, saying she was waiting for a friend, and after a short time the groom, preacher and a friend of the young couple came in, asked permission of Mr. McClure to be married there which of course was granted, when the party retired to the rear of the store, and the ceremony was so quickly and quietly performed that Mr. Will. McClure, who was standing near the door, was not aware of what was going on until it was all over.

Fifty Spasms a Day.

Had Mrs. H. A. Gardner, of Vistula Ind., lived two thousand years ago she would have been thought to be possessed by evil spirits. She was subject to nervous prostration, headaches, dizziness, backache, palpitation and forty to fifty spasms a day. Though having been treated by eight physicians for years without success, she was permanently cured by one bottle of Dr. Miller's Restorative Nervine. A trial bottle of this new and wonderful medicine and a finely illustrated treatise free at J. W. Gayle's drug store, who recommends and guarantees it. 1

Didn't Muster.

Quite a number of the members of Dexter Lodge, Knights of Pythias, in this city, attended the grand celebration of the establishment of the order in Lexington on Wednesday, but did not participate in the parade, consequently did not have to be pulled out of the mud, which was six or eight inches deep on the streets of that city on Monday.

Will Build Shortly.

Mr. John T. Buckley will in a short time begin the erection of a neat two-story brick double tenement house on the lot on Shelby street recently purchased by him of Mrs. Sarah Luckett. Each house will contain six rooms, with all the modern conveniences of water and gas, and the building will add much to the appearance of the locality.

Drawing to a Close.

It has been announced that the Constitutional Convention will complete the consideration of all the reports of the committees next week, and all that will then remain for them to do is to harmonize the different reports and get the document in shape to submit to the people, which will require several weeks longer.

Masonic Notice.

Frankfort Lodge, No. 4. A. Y. M., will meet in regular communication on Thursday evening next, in the north hall of the Odd Fellows' Temple. A full attendance of the members is desired, and visiting brothers fraternally invited. There will be work in the Master's degree.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." For sale by J. W. Gayle. 28

Won by Americans.

In the Queen's last word contest, Dr. Edmund T. Stevens, of Buffalo, N. Y., won the first prize of a free trip to Europe and \$300 in cash, and Annie B. Turner, of Deposit, N. Y., secured the special prize of a handsome, Shetland pony.

The publishers of this well-known Magazine have decided to offer one more competition, and to the person sending them the largest list of English words of not less than four letters constructed from letters contained in the three words, "Dominion of Canada," they offer many useful prizes, including \$750 in cash, Shetland ponies, China Dinner Sets, Gold Watches, French Music Boxes, Portiere Curtains, Silk Dresses, Mantel Clocks, etc., all to be awarded strictly in order of merit. An elegant Silver Tea Service (valued \$30) will be given each day to the person from whom the largest list is received that day from the State in which they reside. The object of this Special List Race for each State is to increase the interest in The Queen's Competitions in every locality in the United States. Those desiring to contest for one of the valuable prizes may start on their list at once, but send six U. S. 2c. stamps, and receive last number of The Queen with full particulars before forwarding your list. Address The Canadian Queen, Toronto, Canada.

"HACKMETACK," a lasting and fragrant perfume. Price 25 and 50 cents.

The Eminent Specialist, formerly resident Physician of the Philadelphia General Hospital, Physician in charge of the Ohio Medical Institute, Cincinnati, Ohio, has for twenty five years successfully devoted his time to the treatment of his specialties. He successfully treats all curable cases of Chronic and Nervous Diseases. His treatment is based on the largest experience after thorough educational preparation.

Rheumatism is essentially a disease of the nervous system, and as all the symptoms proceed from a defect, acting upon this theory we have for years treated it with plumbago salicylate. The definite and best effecting results from rheumatic inflammation may all be avoided or cured by our treatment.

Bright's Disease of the Kidneys is the result of faulty nutrition, over stimulation, or the use of improper remedies so increase the flow of urine.

Diseases of the Digestive Organs are the most frequent causes of the more fatal diseases. To remove Liver Complaint, Constipation, and Chronic Indigestion, all kinds of indigestion, and to restore the system to its normal condition, we have for years used our treatment. Early interference is the only remedy of cure, money and health.

Young Men, who are tacitly approaching manhood and suffer from neurasthenia will not succumb to despair. Time should be taken to get the system into its normal condition, and to restore the system to its normal condition, we have for years used our treatment. Early interference is the only remedy of cure, money and health.

Private Diseases, Stricture, Gleet, Gonorrhea, Syphilis, Gonorrhea, Gonorrhea, and Syphilis are promptly and effectually cured by our treatment. We have for years used our treatment. Early interference is the only remedy of cure, money and health.

Epilepsy or Fits.—This chronic disease of the nervous system is the result of disease, and is entirely curable by our treatment. We have for years used our treatment. Early interference is the only remedy of cure, money and health.

Every person consulting us should bring or send four to six ounces of their urine, which will be submitted to a thorough microscopic examination and chemical analysis, a certificate and chart of experience, able to recognize the cause of disease.

We invite all who have failed to obtain relief elsewhere to consult us. All curable cases are guaranteed.

Patients treated by mail and express. Where possible personal consultation is preferable. List of questions sent free on application.

All cases of correspondence strictly confidential. Treatment sent C. O. D. to an agent of the United States and Canada. Address with stamp for reply.

Foley's Honey and Tar for coughs and colds. Foley's Cream for roughness of the skin, chapped hands, etc. Clinie Blood Purifier and Clinie Kidney Cure are now on sale by The Le-Compte & Gayle Co. THE MEDICAL PROFESSION.

The attitude of the medical profession toward what is known as "patent medicines" is not at all unreasonable. Thousands of these nostrums are offered to the public every year. Some of them are dangerous, and most of them are futile. Swift's Specific (S. S.), we are glad to say, is not classed among these nostrums. It has overcome the wholesome prejudices of physicians in all parts of the country, and some of the strongest testimonials in its behalf come from medical men who have used it in their practice, and who do not hesitate to endorse its wonderful results. This is extremely gratifying, but by no means astonishing, for every claim that is put forward in behalf of S. S. is based on a series of actual experiments extended over a long period of time.

SHILOH'S CATARRH REMEDY—a positive cure for Catarrh, Diphtheria and Canker-Mouth. For sale by J. W. Gayle.

E. H. Sothern Coming.

The celebrated actor, E. H. Sothern, will appear at the Opera House on Tuesday evening next in his new play, "Maister of Woodbarrow."

The St. Louis Globe-Democrat of Tuesday last, has this to say of the play and actor:

E. H. Sothern's new play, Maister of Woodbarrow, scored a decided artistic success at the Olympic last night. Though not nearly as full of the "business" element of comedy as his well-known Lord Chumley, the Maister is full of a quiet, quaint vein of humor that is fully as effective. Allen Rolitt is a young Exmon farmer. He is as green as his own pastures in spring time, as far as all the doings of city life are concerned. The supposed death of a wealthy relative throws him into the whirl of London high life, and he hires a French teacher of manners, a Mr. Piffin, to teach him elegant manners. But Allen makes horrible blunders and escapes from the restraint of his teacher at every chance. He steals down in the basement like a thief fearing discovery, and there takes off his coat, collar, gaiters, and a manner to enjoy a clay pipe and a decanter of ale. Mr. Piffin discovers his pupil there in this awful and scandalous state, and washes his hands of him forever. The scenes between these two are the most ludicrous in the play, and in them Augustus Cook, who takes the role of Piffin, does some magnificent work. In the meantime Allen is being fleeced by an organized gang of sharpers. One of their number is a beautiful girl, and Rolitt tumbles head over ears in love with her. At length the real heir to the fortune, Richard Hanningford, comes to life and claims his own, much to the "worried" Maister's delight. In the Maister Mr. Sothern has coined a very odd yet lovable character, a combination of simplicity and shrewdness, of great heartedness and penuriousness. Among the other people in Mr. Sothern's company besides Mr. Cook, Rowland Buckstone as Col. Dexter, C. B. Butterfield as Hon. Gusset, Virginia Hamed as Clara Dexter, the adventuresome, and Jennie Dumbear as the loving Deborah, are worthy of special mention.
